

DR. RUSHAPOL SDAWAT

As one of the founding surgeons of PIAC and now with PPSI Dr Rushapol has years of experience with clients from all over the world. His clients often describe him as charming, yet perfectionistic.

He strives to provide the best result possible for each of his clients and does not like to compromise on quality. He specializes in various breast surgeries as well as body.

Dr Rushapol is an avid musician, who plays several instruments and has even built his own guitar. He likes chatting with his clients about music, travelling and various other subjects.
